ARCHITECTURAL COMPETITIONS

House of Arts and Culture in Beirut

“Half of the volume of the building is reserved to create covered and public spaces for the city. The rest of the building incorporates the required facilities, auditoriums, exhibition centers and multimedia spaces.”

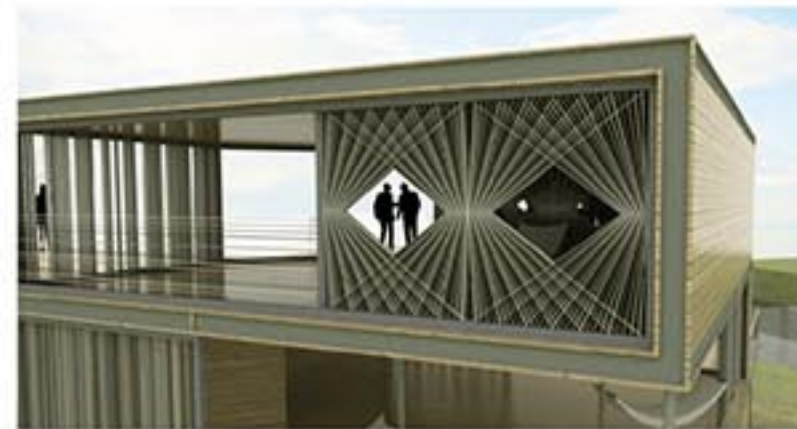

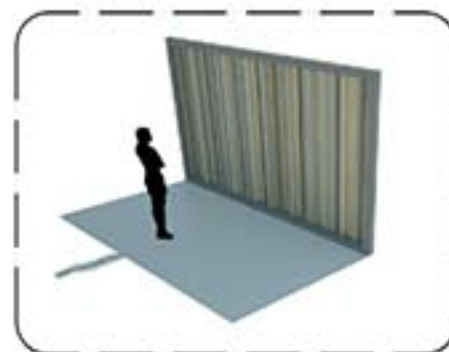

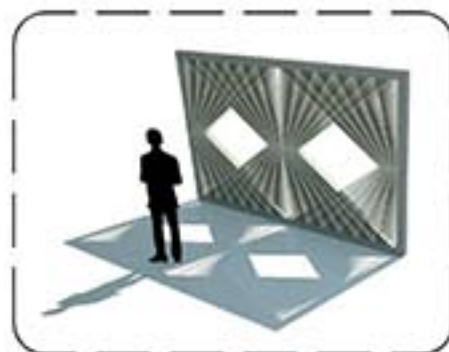

ARCHITECTURAL COMPETITIONS

Lakeside Pier

Arquia - Double Surface – Triple Volume

“An installation of open spaces that generate layers overlooking the landscape offering magnificent lake views. Touchable elastic webs create doors and windows, diffusing light and allowing unexpected forms to open and close.”

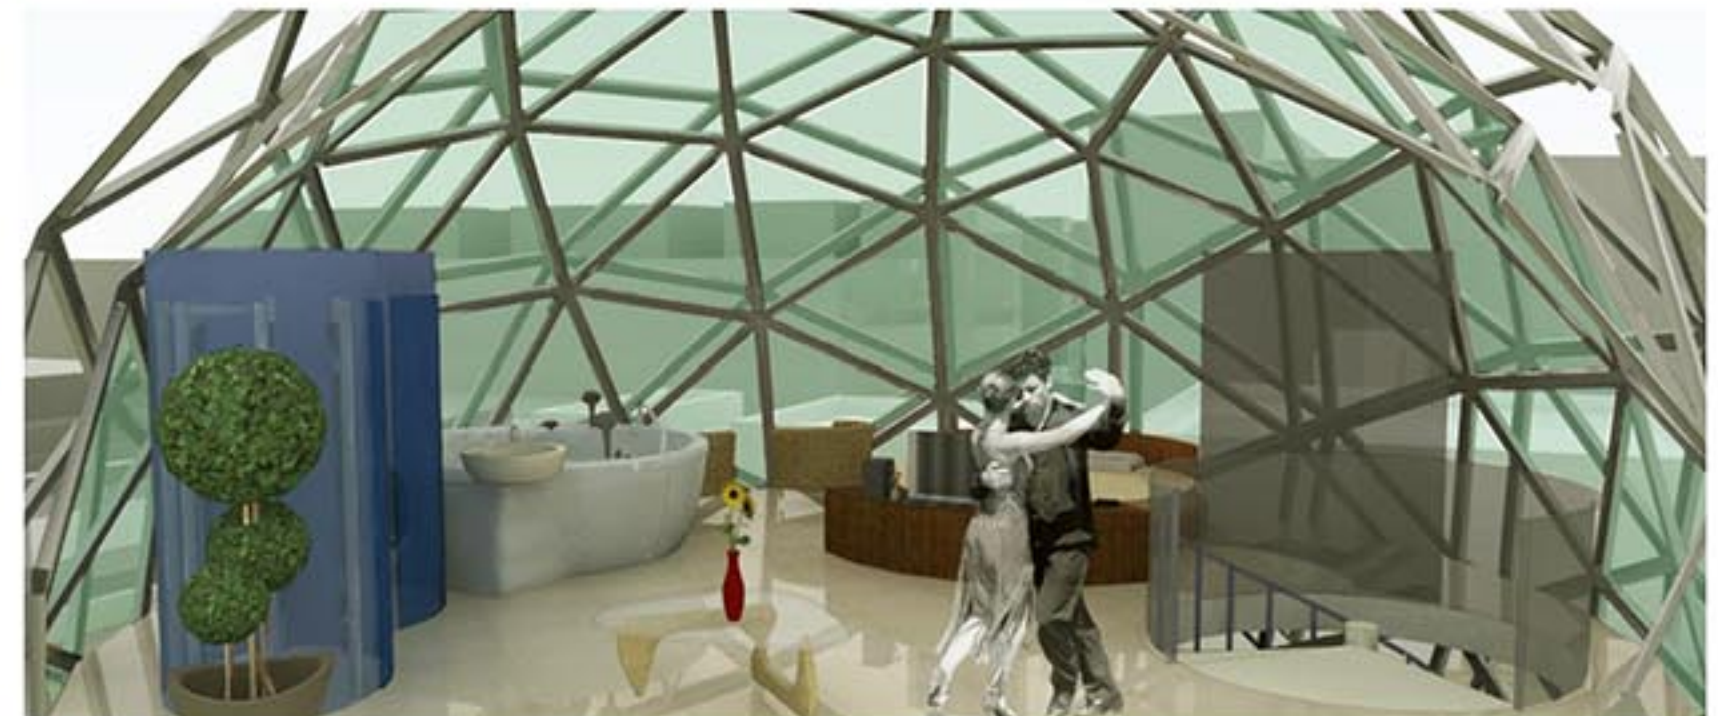

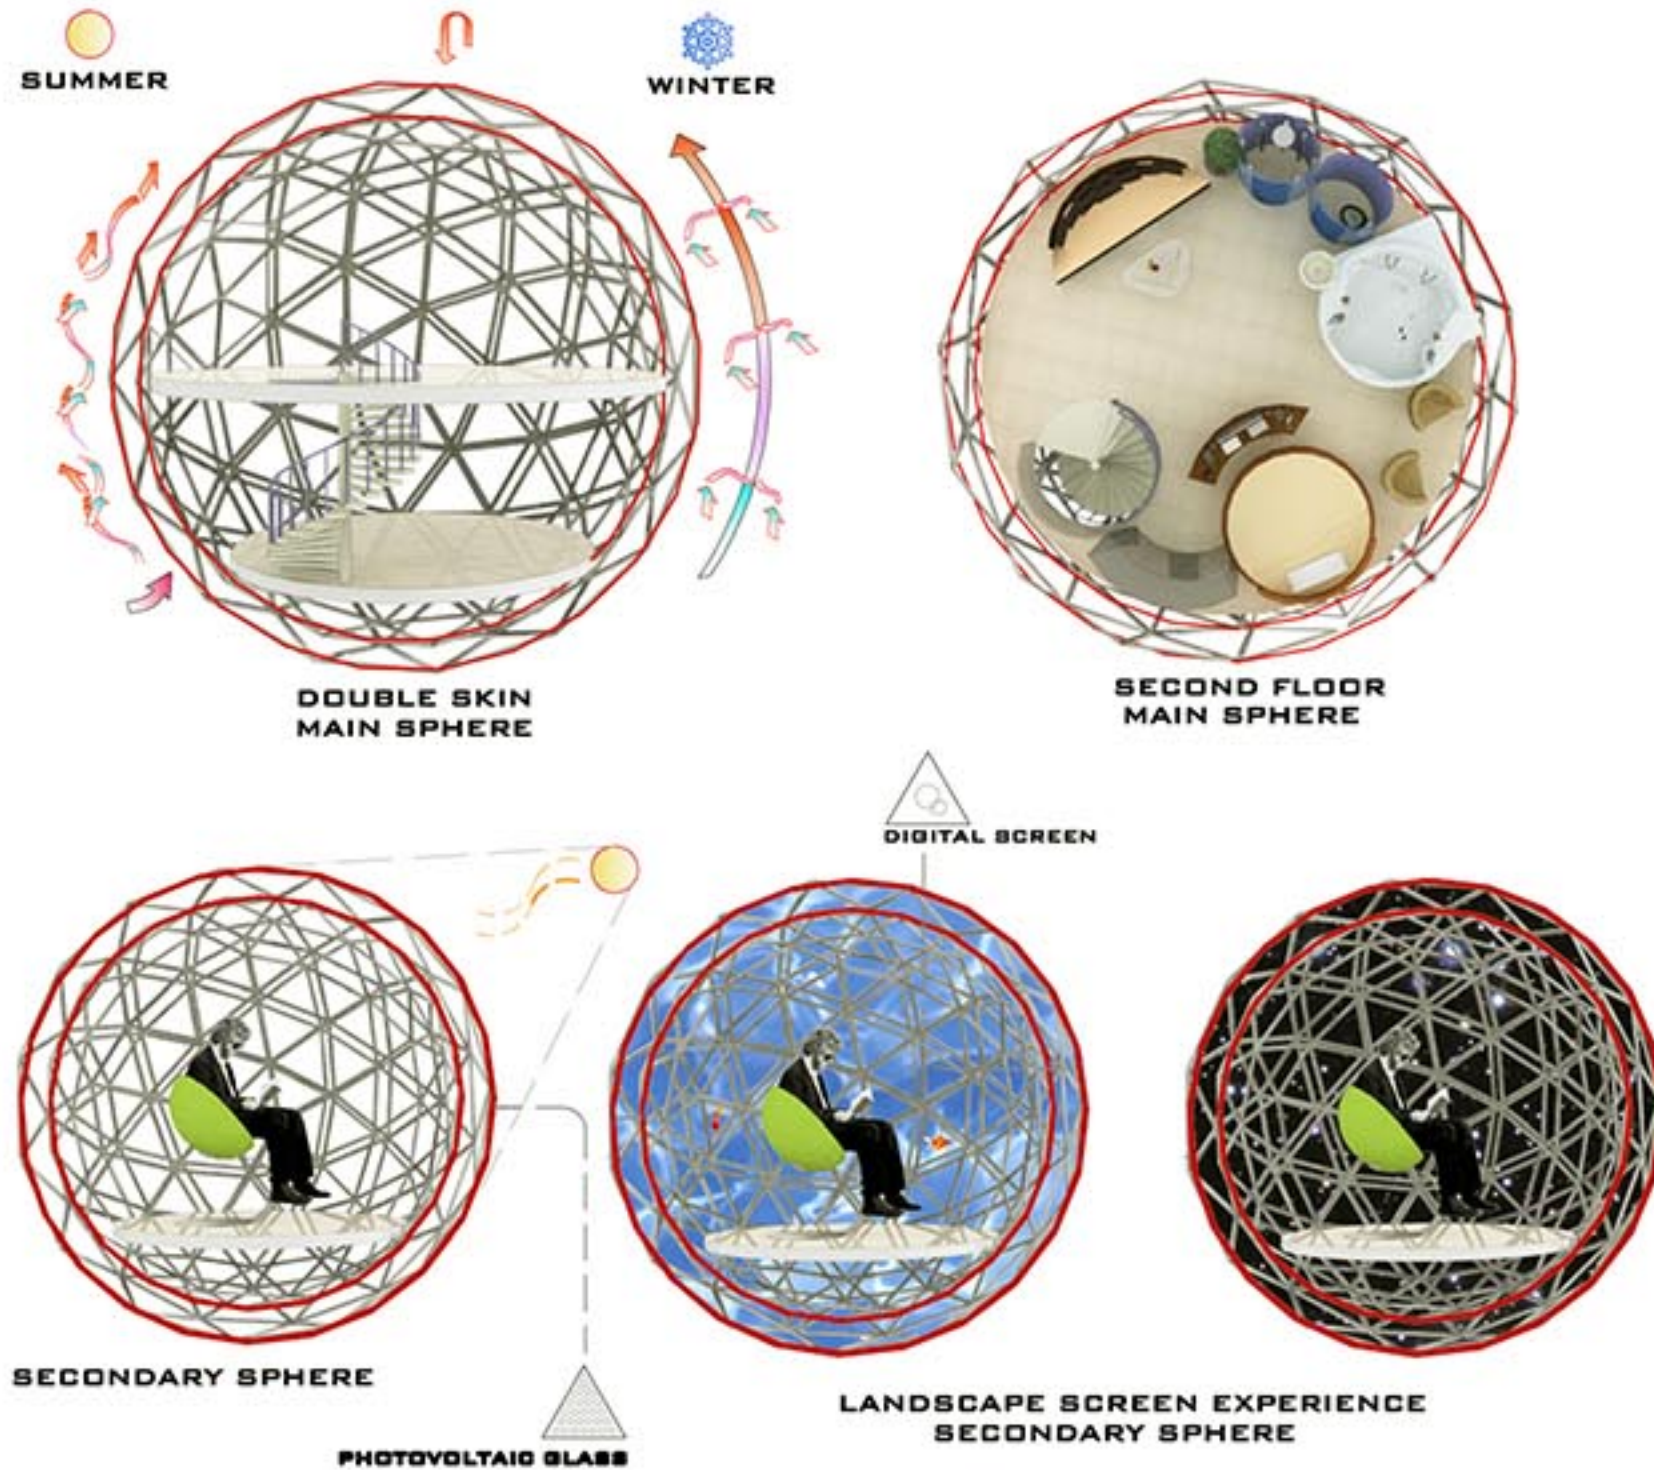

ARCHITECTURAL COMPETITIONS

Room on Queen Elizabeth Hall

A room for London

"The sphere is reclaimed as a residential container. In this mini bioclimatic solar system, the main planet is used as accommodation and the two satellites provide entertainment."

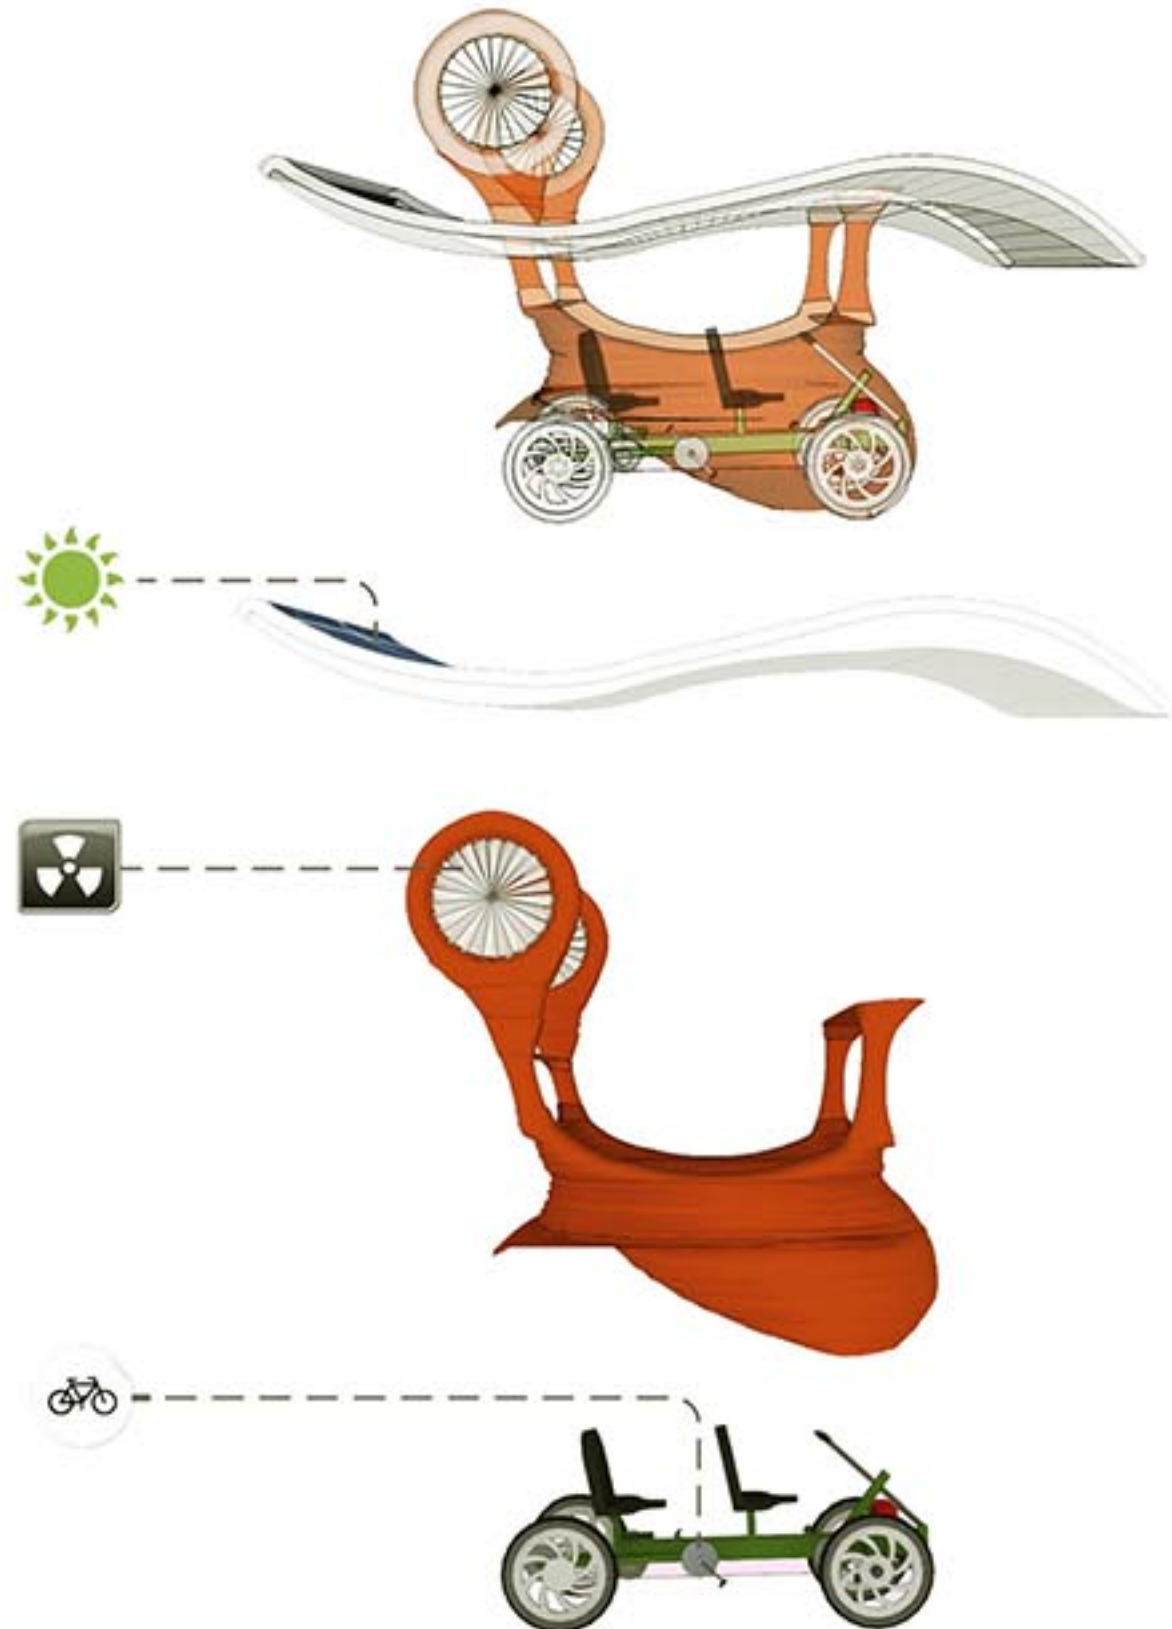

ARCHITECTURAL COMPETITIONS

"The ConnecTandem" **ACCESIT PRIZE**

The XXI century Barcelona Kamishibai

"New alternative retail business inspired by an ancient Japanese way to make a living (Kamishibai) that consists of a vehicle which combines three sources of natural energy"

CONSTRUCTION MANAGEMENT

Chinese Embassy in Madrid

"Cooperation with the architecture studio on the Construction Management of the Embassy of the People's Republic of China in Madrid".

MORE SKILLS

Structures Calculation

"Design and calculation of architectural structures, choosing the most efficient and economical solution, developing drawings with graphical and numerical representations."

MORE SKILLS

Energy Efficiency Study

"Bioclimatic study and design to provide the building with the most energy saving in a sustainable architecture, developing all solar and climate zone data and providing passive systems."
